Students will develop and refine their oral, written and visual communication skills through practical, professional level exercises and assignments in a “workshop-like” learning environment.

This will include use of content writing, writing appropriate emails, the “elevator pitch” for business ideas, and presenting a short “Ted” like talk. Various on-line platforms and new media will be utilized in the course including *slideshare*, *Wix*, and others.

The differences, and benefits, of Linear Presentation and Communication, and Non-Linear will be reviewed. A key focus in the course will be on communicating visually and digitally.

3. Reading Material

An assigned reading (and viewing) list will be provided in the first class session and students are required to read materials before class and to be fully prepared.

A variety of articles, case studies, excerpts from various books, videos etc. will replace a "traditional" text. The materials will be stored on the course web site and available for download. Students are required to download materials as the course progresses and to stay current with the readings. Case studies, articles and other handouts will also be used and posted on course web site. Presentation slides will occasionally be used during lectures. Slides will be posted on the course web site usually 1-2 days before class.

4. Teaching methodology

Theoretical applications will be used as a foundation for discussion of "real-world" communication situations and issues faced by global managers. The course will consist partly of lectures which are based on readings, case studies and other reading materials. Class participation is expected of all students. *This means reading assignments in advance and doing all required preparation for class.*

The main teaching/learning emphasis of this course is of a "hands-on" workshop approach. Depending on the designated topics for each class session, students

will be presenting, re-presenting, writing, re-writing and discussing and critiquing in class sessions (and out) each other's work with the goal of improving day-to-day, "real life" management communication.

As the course will involve "hands-on" work in class students are **required** to bring lap-tops to class. Students will also need an active wi-fi sign in. Laptops will only be used during specific class times per instructor's guidance.

8. General Requirements and School Policies

All coursework is governed by AAU’s academic rules. Students are expected to be familiar with the academic rules in the Academic Codex and Student Handbook and to maintain the highest standards of honesty and academic integrity in their work.

Electronic communication and submission

The university and instructors shall only use students’ university email address for communication, with additional communication via NEO LMS or Microsoft Teams. Students sending e-mail to an instructor shall clearly state the course code and the topic in the subject heading, for example, “COM101-1 Mid-term Exam. Question”. All electronic submissions are through NEO LMS. No substantial pieces of writing (especially take-home exams and essays) can be submitted outside of NEO LMS.

Attendance

Attendance, i.e., presence in class in real-time, is required. Students who are absent 35 percent of classes or more cannot complete the course. Those with a majority of unexcused absences will be failed; those with a majority of excused absences will be administratively withdrawn from the course. Students may also be marked absent if they miss a significant part of a class (for example by arriving late or leaving early).

Absence excuse and make-up options

Should a student be absent from classes for relevant reasons (illness, serious family matters), and the student wishes to request that the absence be excused, the student should submit an Absence Excuse Request Form supplemented with documents providing reasons for the absence to the Dean of Students within one week of the absence. If possible, it is recommended the instructor be informed of the absence in advance. Should a student be absent during the add/drop period due to a change in registration this will be an excused absence if s/he submits an Absence Excuse Request Form along with the finalized add/drop form.

Students whose absence has been excused by the Dean of Students are entitled to make up assignments and exams provided their nature allows. Assignments missed due to unexcused absences which cannot be made up, may result in a decreased or failing grade as specified in the syllabus.

Students are responsible for contacting their instructor within one week of the date the absence was excused to arrange for make-up options.

Late work: No late submissions will be accepted – please follow the deadlines.

Electronic devices

Electronic devices (e.g. phones, tablets, laptops) may be used only for class-related activities (taking notes, looking up related information, etc.). Any other use will result in the student being marked absent and/or being expelled from the class. No electronic devices may be used during tests or exams unless required by the exam format and the instructor.

Eating is not allowed during classes.

Cheating and disruptive behavior

If a student engages in disruptive conduct unsuitable for a classroom environment, the instructor may require the student to withdraw from the room for the duration of the class and shall report the behavior to the student's Dean.

Students engaging in behavior which is suggestive of cheating will, at a minimum, be warned. In the case of continued misconduct, the student will fail the exam or assignment and be expelled from the exam or class.

Plagiarism and Academic Tutoring Center

Plagiarism is "the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one's own original work." (Random House Unabridged Dictionary, 2nd Edition, Random House, New York, 1993)

Turnitin's White Paper 'The Plagiarism Spectrum' (available at <http://go.turnitin.com/paper/plagiarism-spectrum>) identifies 10 types of plagiarism ordered from most to least severe:

1. CLONE: An act of submitting another's work, word-for-word, as one's own.
2. CTRL-C: A written piece that contains significant portions of text from a single source without alterations.
3. FIND-REPLACE: The act of changing key words and phrases but retaining the essential content of the source in a paper.
4. REMIX: An act of paraphrasing from other sources and making the content fit together seamlessly.
5. RECYCLE: The act of borrowing generously from one's own previous work without citation; To self-plagiarize.
6. HYBRID: The act of combining perfectly cited sources with copied passages—without citation—in one paper.
7. MASHUP: A paper that represents a mix of copied material from several different sources without proper citation.
8. 404 ERROR: A written piece that includes citations to non-existent or inaccurate information about sources
9. AGGREGATOR: The "Aggregator" includes proper citation, but the paper contains almost no original work.
10. RE-TWEET: This paper includes proper citation, but relies too closely on the text's original wording and/or structure.

At minimum, plagiarism from types 1 through 8 will result in a failing grade for the assignment and shall be reported to the student's Dean. The Dean may initiate a disciplinary procedure pursuant to the Academic Codex. Allegations of bought papers and intentional or consistent plagiarism always entail disciplinary hearing and may result in expulsion from AAU.

If unsure about technical aspects of writing, and to improve their academic writing, students are encouraged to consult with the tutors of the AAU Academic Tutoring Center. For more

information and/or to book a tutor, please contact the ATC at:
<http://atc.simplybook.me/sheduler/manage/event/1/>.

Students with disabilities should contact the Dean of Students to discuss reasonable accommodations. Academic accommodations are not retroactive. Students who will be absent from course activities due to religious holidays may seek reasonable accommodations by contacting the Dean of Students in writing within the first two weeks of the term. All requests must include specific dates for which the student requests accommodations.
