### Study programmes where this course is taught

---

- DEGREE IN LABOUR RELATIONS AND HUMAN RESOURCES  
Course type: CORE (Year: 1)

## Competencies and objectives

### Course context for academic year 2018-19

---

The subject gives to the professional of labor relations both theoretical and methodological tools in order to be able to analyze and understand the social framework where labor relations take place.

The subject "Sociology" is placed on the first course of this degree because of the need to give the students a basic knowledge about social reality in modern societies, where a new system of labor relationships has turned up. The subject "Sociology" is related to others subjects as "Economic History, Political and Social of the century XX and XXI "Introduction to the Economy ", " Introduction to Political Science "or "Statistics ", or even the subject, "Organization and Methods of Work ", taught in the second year of the degree.
