8. Detailed description of the assignments

Students enrolled in the course will be asked to give one class presentation to take no more than 20 minutes. The presentation can be given in the classroom or outside and may be the basis of the midterm paper (3-5 typewritten pages, including illustrations and photographs), and the final paper (6-8 typewritten pages, including illustrations and photographs). Both the seminar presentation and the ideas for the paper should be discussed with the course instructor. The final paper is to be handed in on the last day of class. In addition, a final exam will take place at the end of the course. Attendance as well as active participation in class discussions are expected.

Class Presentation (20%):

At the beginning of the semester students will choose a topic for a class presentation, which can be as general as describing an art historical style or a time period or can deal with a specific work of art or architecture, an artist, or an architect. Presentations can take place either in the classroom with PowerPoint slides, or at a pertinent historical sight, in an art gallery or a museum, describing the style and theme of the work, presenting relevant historical facts, contextualizing the art work in a larger art-historical context, explaining what is interesting and exciting about the work, the artist, etc.

This task meets or partially meets these learning outcomes:

- Identify major art-historical periods and styles of art and architecture and recognize their defining characteristics.
- Identify important art and architecture examples found in Prague and classify them according to artistic/architectural style.
- Prepare and present research on a chosen topic.

Assessment breakdown

Assessed area	Percentage
Knowledge and understanding of the topic	40%
Ability to think independently and afresh in regard to a topic at hand	20%
Structure and organization of presentation	20%
Delivery of presentation (visual effectiveness, clarity, impact, etc.)	20%

Midterm Paper (20%) and Final Paper (20%):

It is recommended that the midterm paper would deal with the same or similar topic as the class presentation. The midterm paper should be 3-5 typewritten pages long (including illustrations and photographs), and will be due before the mid-term break. The final paper is most likely to grow out of the midterm paper and the class presentation, treating and developing the chosen topic in a greater depth and detail. The final paper should be 6-8 typewritten pages (including illustrations and photographs), and is to be handed in on the last day of class.

This task meets or partially meets these learning outcomes:

- Identify major art-historical periods and styles of art and architecture and recognize their defining characteristics.
- Identify important art and architecture examples found in Prague and classify them according to artistic/architectural style.
- Prepare and present research on a chosen topic.

Assessment breakdown

Assessed area	Percentage

Ability to contextualize key examples of works of modern art and architecture in relation to their style and historical context.	20%
Ability to think independently and afresh in regard to a topic at hand.	20%
Ability to accurately apply relevant theoretical knowledge and terminology to given examples.	20%
Structure and organization of the paper.	10%

Final Exam (20%):

The Final Exam will consist of two parts: slide identification and exam questions. The slide identification will amount to recognition of the works of art and architecture discussed in the class, as well as the classification by style and date of those works. The exam questions will be based on topics covered in the class during the whole semester, where students will be expected to demonstrate their knowledge of the subject, an ability to contextualize key examples of art works in relation to their historical time period, and to demonstrate an ability to apply appropriate terminology learned throughout the semester.

This task meets or partially meets these learning outcomes:

Identify major art-historical periods and styles of art and architecture and recognize their defining characteristics.

Identify important art and architecture examples found in Prague and classify them according to artistic/architectural style.

Assessment breakdown

Assessed area	Percentage
Knowledge and understanding of the topic	30%
Ability to identify key works covered in class or homework	20%
Ability to contextualize key examples of works of art and architecture in relation to their historical time period	20%
Ability to accurately apply relevant stylistic knowledge and terminology to given examples of art works	20%

Class attendance and participation (20%):

Students are expected to attend class regularly, to be on time, and to respect the rules and manners of the classroom while at school and on excursions (see class attendance policy below, and the *School Codex* on the University website). Students are expected to complete the readings and assignments and come prepared to participate in class activities or discussions. Students may be called upon to give short summaries, or answer questions concerning previous topics. Additionally, students are expected to actively participate during our excursions, museum and gallery visits, etc.

If you miss a class, it is your responsibility to keep up with the assignments, and to get the notes from one of your classmates or from the course website. I will be happy to meet during my office hours or at an arranged time to discuss the material you missed *after you have made an effort to catch up*. You are also expected to visit the sights we visited in class. (In the case of museum visits, bring me the entrance ticket, and I will reimburse you for the entrance fee.)

1. General Requirements and School Policies

General requirements

All coursework is governed by AAU's academic rules. Students are expected to be familiar with the academic rules in the Academic Codex and Student Handbook and to maintain the highest standards of honesty and academic integrity in their work.

Electronic communication and submission

The university and instructors shall only use students' university email address for communication, with additional communication via NEO LMS or Microsoft Teams. Students sending e-mail to an instructor shall clearly state the course code and the topic in the subject heading, for example, "COM101-1 Mid-term Exam. Question". All electronic submissions are through NEO LMS. No substantial pieces of writing (especially take-home exams and essays) can be submitted outside of NEO LMS.

Attendance

Attendance, i.e., presence in class in real-time, is expected and encouraged. However, the requirement that students miss not more than 35% of real-time classes is temporarily suspended due to the COVID-19 pandemic.

Absence excuse and make-up options

Should a student be absent from classes for relevant reasons (illness, serious family matters), s/he can submit to the Dean of Students an Absence Excuse Request Form supplemented with documents providing reasons for the absence. These must be submitted within one week of the absence. If possible, it is recommended the instructor be informed of the absence in advance. Should a student be absent during the add/drop period due to a change in registration this will be an excused absence if s/he submits an Absence Excuse Request Form along with the finalized add/drop form.

Students whose absence has been excused by the Dean of Students are entitled to make up assignments and exams provided their nature allows. Assignments missed due to unexcused absences which cannot be made up, may result in a decreased or failing grade as specified in the syllabus.

Students are responsible for contacting their instructor within one week of the date the absence was excused to arrange for make-up options.

Late work: No late submissions will be accepted – please follow the deadlines.

Electronic devices

Electronic devices (e.g. phones, tablets, laptops) may be used only for class-related activities (taking notes, looking up related information, etc.). Any other use will result in the student being marked absent and/or being expelled from the class. No electronic devices may be used during tests or exams unless required by the exam format and the instructor.

Eating is not allowed during classes.

Cheating and disruptive behavior

If a student engages in disruptive conduct unsuitable for a classroom environment, the instructor may require the student to withdraw from the room for the duration of the class and shall report the behavior to the Dean.

Students engaging in behavior which is suggestive of cheating will, at a minimum, be warned. In the case of continued misconduct, the exam or assignment will be failed and the student will be expelled from the exam or class.

Plagiarism and Academic Tutoring Center

Plagiarism is “the unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one’s own original work.” (Random House Unabridged Dictionary, 2nd Edition, Random House, New York, 1993)

Turnitin’s White Paper ‘The Plagiarism Spectrum’ (available at <http://go.turnitin.com/paper/plagiarism-spectrum>) identifies 10 types of plagiarism ordered from most to least severe:

1. CLONE: An act of submitting another’s work, word-for-word, as one’s own.
2. CTRL-C: A written piece that contains significant portions of text from a single source without alterations.
3. FIND-REPLACE: The act of changing key words and phrases but retaining the essential content of the source in a paper.
4. REMIX: An act of paraphrasing from other sources and making the content fit together seamlessly.
5. RECYCLE: The act of borrowing generously from one’s own previous work without citation; To self-plagiarize.
6. HYBRID: The act of combining perfectly cited sources with copied passages—without citation—in one paper.
7. MASHUP: A paper that represents a mix of copied material from several different sources without proper citation.
8. 404 ERROR: A written piece that includes citations to non-existent or inaccurate information about sources
9. AGGREGATOR: The “Aggregator” includes proper citation, but the paper contains almost no original work.
10. RE-TWEET: This paper includes proper citation, but relies too closely on the text’s original wording and/or structure.

At minimum, plagiarism from types 1 through 8 will result in a failing grade for the assignment and shall be reported to the Dean. The Dean may initiate a disciplinary procedure pursuant to the Academic Codex. Allegations of bought papers and intentional or consistent plagiarism always entail disciplinary hearing and may result in expulsion from AAU.

If unsure about technical aspects of writing, students are encouraged to consult with the tutors of the AAU Academic Tutoring Center. For more information and/or to book a tutor, please contact the ATC at: <http://atc.simplybook.me/sheduler/manage/event/1/>.

Course accessibility and inclusion

Students with disabilities are asked to contact the Dean of Students as soon as possible to discuss reasonable accommodations. Academic accommodations are not retroactive. Students who will be absent from course activities due to religious holidays may seek reasonable accommodations by contacting the Dean of Students in writing within the first two weeks of the term. All requests must include specific dates for which the student requests accommodations.
