Communication & Global Competence

SECTION I: Course Overview

Course Code: COM340CDG

Subject Area(s): Communications

Prerequisites: None

Language of Instruction: English

Total Contact Hours: 45

Recommended Credits: 3

COURSE DESCRIPTION

With the rise of global mobility and communication, encounters between people of diverse and multiple cultural identities are increasingly common. Less obvious are the reasons why these encounters can be challenging and, more importantly, the knowledge and skills necessary for overcoming communication barriers that arise from differences in communication styles and patterns. This course is designed to give students the tools needed to be competent global citizen in the interconnected world.

The study of intercultural communication requires not only grappling with broad concepts such as “culture”, “communication”, and “identity”, but also learning how communication styles are patterned within cultural groups. This course thus explores the interaction between culture and communication and introduces students to the knowledge and skills requisite to building intercultural competence. More specifically, this course invites students to analyze and evaluate how their own cultural identity influences communication with others; encourages interaction with the host culture; and prepares students with knowledge and skills to be effective and ethical intercultural communicators.

LEARNING OBJECTIVES

Upon successful completion of this course, you will be able to:

- Describe the influence of culture and cultural identity on values, behavior, and communication style, both in ourselves and others.
- Explain links between local cultural phenomenon (e.g. language, food, interpersonal interactions, and traditions) and relevant intercultural frameworks.
- Analyze contexts where intercultural skills can improve communication, overcome difficulties, and create synergies.
- Apply selected intercultural frameworks to cross-cultural situations.

SECTION II: Instructor & Course Details

INSTRUCTOR DETAILS

Name:	TBA
Contact Information:	TBA
Term:	SEMESTER

ATTENDANCE POLICY

This class will meet once weekly for 150 minutes each session. All students are expected to arrive on time and prepared for the day's class session.

CEA enforces a mandatory attendance policy. You are therefore expected to attend all regularly scheduled class sessions, including any field trips, site visits, guest lectures, etc. that are assigned by the instructor. The table below shows the number of class sessions you may miss before receiving a grade penalty.

ALLOWED ABSENCES – SEMESTER		
Courses Meeting X day(s) Per Week	Allowed Absence(s)	Automatic Failing Grade at X th absence
Courses meeting 1 day(s) per week	1 Absence	4 th Absence

For every additional absence beyond the allowed number, your final course grade will drop down to the subsequent letter grade (ex: A+ to A). As a student, you should understand that the grade penalties will apply if you are marked absent due to tardiness or leaving class early. In the table below, you will find the grade penalty associated with each excessive absence up to and including automatic course failure.

ATTENDANCE DOCKING PENALTIES				
Absence	1 st	2 nd	3 rd	4 th
Penalty	No Penalty	0.5 Grade Docked	1 Grade Docked	Automatic Failure
HIGHEST POSSIBLE GRADE AFTER ATTENDANCE PENALTIES				
Grade	A+	A	A-	F

CEA does not distinguish between excused and unexcused absences. As such, no documentation is required for missing class. Similarly, excessive absences, and the grade penalty associated with each, will not be excused even if you are able to provide documentation that shows the absence was beyond your control. You should therefore only miss class when truly needed as illness or other unavoidable factors may force you to miss a class session later on in the term.

GRADING & ASSESSMENT

The instructor reserves the right to make changes or modifications to this syllabus as needed

The instructor will assess your progress towards the above-listed learning objectives by using the forms of assessment below. Each of these assessments is weighted and will count towards your final grade. The following section (Assessment Overview) will provide further details for each.

ASSESSMENT OVERVIEW

This section provides a brief description of each form of assessment listed above. Your course instructor will provide further details and instructions during class time.

Class Participation (10%): Student participation is mandatory for all courses taken at a CEA Study Center. The instructor will use the rubric below when determining your participation grade. All students should understand that attendance and punctuality are expected and will not count positively toward the participation grade.

CLASS PARTICIPATION GRADING RUBRIC

Student Participation Level	Grade
You make major & original contributions that spark discussion, offering critical comments clearly based on readings, research, & theoretical course topics.	A+ (10.0 – 9.70)
You make significant contributions that demonstrate insight as well as knowledge of required readings & independent research.	A/A- (9.69 – 9.00)
You participate voluntarily and make useful contributions that are usually based upon some reflection and familiarity with required readings.	B+/B (8.99 – 8.40)
You make voluntary but infrequent comments that generally reiterate the basic points of the required readings.	B-/C+ (8.39 – 7.70)
You make limited comments only when prompted and do not initiate debate or show a clear awareness of the importance of the readings.	C/C- (7.69 – 7.00)
You very rarely make comments and resist engagement with the subject. You are not prepared for class and/or discussion of course readings.	D (6.99 – 6.00)
You make irrelevant and tangential comments disruptive to class discussion. You are consistently unprepared for class and/or discussion of the course readings.	F (5.99 – 0.00)

Self-Assessment Activity (5%): This activity is designed to heighten your self-awareness and to encourage you to focus on developing your global competencies while you are studying abroad. At the beginning and end of the semester, you will evaluate yourself with respect to specific competencies. Then, in a 500 word essay, you'll reflect on your results and develop strategies for self-improvement.

Cultural Encounters (15%): These are experiential activities (3) designed to engage you with the host culture. Each activity involves concepts from class material and will be tied to components of global competence. You will interact with members of the host culture, then apply course concepts and evaluate the experience through a reflection essay.

Quizzes (5%): There will be 2 short (10-minute) tests intended to check your comprehension of homework assignments or other course content that the instructor will use for continuous evaluation of your progress. They will be announced in advance.

AICAP Activity Reflection (5%): AICAP activities are designed to help you connect your experience with the course content. AICAP assessment for this course will consist of a short essay (500 words). The instructor will provide clear guidelines in class.

Midterm Exam (20%): The midterm exam is designed to establish and communicate to you the progress you are making towards meeting the course learning objectives listed above. It will consist of multiple choice, short-answer, and essay questions intended to test your abilities in three important areas of competency: the amount of information you master; the accuracy of the information you present; and your ability to synthesize and apply it to real-life situations.

Group Project (20%): The purpose of this group project is for you to investigate a topic that reflects core issues of intercultural communication and global competence, present your findings to the class, and stimulate a class discussion. Students will work collaboratively in groups of 5. It will include both a class presentation and a written paper that summarizes your project and findings. Guidelines will be distributed in

class, and the instructor will assist you in selecting topics, project formats and resources. Topics must be approved in advance by the instructor to ensure they are in accordance with the guidelines.

Final Exam (20%): The final exam is designed to establish and communicate to you the progress you are making towards meeting the course learning objectives listed above. It will consist of multiple choice, short-answer, and essay questions intended to test your abilities in three important areas of competency: the amount of information you master; the accuracy of the information you present; and your ability to synthesize and apply it to real-life situations.

EXPERIENTIAL LEARNING ACTIVITIES (AICAP)

CEA courses are designed to include a variety of experiential learning activities that will take you out of the classroom and allow you to explore your local, host city.
