### Assessment procedures and criteria 2024-25

---

To pass the subject it will be necessary to get 40% of the theoretical mark, or 2 points out of 5 points. In this case, the student should be required to obtain 3 points out of 5 in the continuous assessment part in order to obtain 50% of the final mark or 5 points out of 10.

In the case the student doesn't get the 40% of the theoretical exam, the subject will, independently of the final mark of the practical part. When the sum of both marks will be more than 5 but the student didn't get 2 points in the theoretical part or in the practical part, the student will fail the subject with a fix mark of 4.5 points.

Also, in order to pass the subject it will be necessary to get 40% of the continuous assessment part, or in other words, 2 out of 5 points. In this case, the student will have to obtain 3 points out of 5 in the theoretical part for obtaining 50% of the final mark or 5 points out of 10.

Active participation will be punctuality, attention, fieldwork assistance, participation in the classes, integration and collaboration in the group works.

**For C4 (call of July)**, in those cases in which the part of the continuous assessment failed, students may recover this part of the subject in July by taking a test of the individual practices scheduled during the course. In addition, if students have not passed or completed the group work, for C4 they will be able to make it up with the activity proposed by the lecturers.

The lecturers will indicate the individual practicals to be carried out in order to take the make-up exam, and the students may prepare them in order to answer the questions posed in the exam.

However, for this C4 exam, **the field trip practice will not be recoverable.**

The mark obtained in the continuous evaluation will be kept for the call of July, but not for future academic years.

The practical activities, that will not be able to be substituted, except in cases of greater strength, properly justified, will have to be presented in paper or by means of the resources enabled in the virtual campus

The term of delivery of the works will be fixed by the profesorado and will specify to the students

In the case that any student had to justify a curriculum adaptation, the student will communicate with her/his corresponding professor for elaborating the learning agreement, where she/he will indicate the specific adaptations needed in the subject.

Plagiarism is absolutely not allowed and will annul the mark of the written essay. Students are required to quote correctly following the rules of the teacher.

Students who take the first module of CID with achievement (score greater than 5), and pass the evaluation of the subject (score greater than 5) may have a recognition of up to 0.5 extra points on the final grade of the subject, based on the grade obtained in CID.

Description	Criteria	Type	Weighting system
Assistance to the activities of continuous evaluation	Attendance, punctuality, commitment and active participation in the classroom about the contents of the subject	ACTIVITIES OF EVALUATION DURING THE SEMESTER	5
Academic activity and oral presentation	Group work about a tourist destination, according to the guidelines given by the teacher in charge plus oral presentation in class. (1 point)	ACTIVITIES OF EVALUATION DURING THE SEMESTER	10
Individual practices	<p>- INDIVIDUAL WORK: .</p> <p>Description: Resolution of distinct types of problems described in the practical activities (Problems)</p> <p>It will value the coherence of the answers, esquematización, his capacity of synthesis and adaptation to the subject</p> <p>Weeks: between the 3rd and 13th week (in his moment will fix the concrete realisation of the exercises evaluables).</p> <p>Four practices will be evaluated. Each of them will have a valuation of 0.625p. Therefore, the sum of the four may mean 2.5 points in the final grade</p>	ACTIVITIES OF EVALUATION DURING THE SEMESTER	25
Fieldwork	<p>- FIELDTRIP:</p> <p>The field trip will consist of a visit a tourist destination in the proximities of the University of Alicante in order to know its main features and tourist potential</p> <p>The evaluation of the activity will consist of a practical activity, a long essay or a questionnaire related to the destination visited. The teachers will explain to the start the details of the field trip</p> <p>The assistance will be considered for assessment</p>	ACTIVITIES OF EVALUATION DURING THE SEMESTER	10

Final exam	- Final exam: The final exam will be based on long essay questions and also, it may include a test part  Evaluation criteria: The teachers will pay special attention to the ability to define and relate concepts and sources on Geography of Tourism. Also, it is also necessary the acquisition of specific vocabulary related to the Geography of Tourism. Moreover, identify characteristics and consequences of tourism activities on the territory, define and classify models and tourist typologies and the ability to analyse tourism and its local impact, are part of the goals of the subject.
